Elementary Music Endorsement, cont.

PURPOSE AND MINIMUM REQUIREMENTS

Purpose

The Elementary Music Specialist Endorsement (Level II) is for teachers who are basically college music majors, and as such, knowledgeable and skilled in music, and who also desire to establish themselves as a fully qualified music specialist for elementary students. Candidates will choose university courses, professional workshops, conferences, and activities as needed to qualify for the endorsement.

Requirements

- Music History
- Music Theory and Skills
- Conducting
- Performance (Private Studio Work)
- Practicum
- Ensemble
- Elementary Music Teaching Methods

Caution

To avoid taking classes that may not be accepted, first submit completed portfolio and endorsement application as per instructions above. Course availability of all courses changes, as well as procedures for being admitted into them. Here is a [directory](#) to our universities and colleges. Although courses that address these requirements are available at universities and colleges in our state, in many instances, teachers are not able to come and take only these courses, but must audition for the program and then take the entire program as a major.
